

# Rotherham CCG AGM and celebrating 70 years of the NHS

The event will include the CCG's AGM, but will also take the opportunity to look back on 70 years of the NHS, sharing stories and photographs across the decades.

We are currently putting this history together – if you have experiences of the NHS in its early years, as a patient or a member of staff, please get in touch with us! (contact details below).

We will also take the opportunity to look forward to future aspirations and hopes for the NHS, and want you to join us in this too.
