## HAYFEVER MEDICINES

In Rotherham, over £70,000 was spent last year on prescribing Hayfever medicine - this could be used for 260 emergency ambulance trips!

## DID YOU KNOW?

The cost to the NHS for prescribing hayfever medicines every year is £13.6million –

On prescription the cost of 30 tablets is double than for a patient to buy locally.

\*Based on the price for 30 tablets.

in supermarkets  
and pharmacies

## DO YOUR BIT TO HELP

Please don't ask for Hayfever medication on prescription, it can be bought affordably elsewhere. Play your part in helping your local NHS to save money.
