

NHS Rotherham Clinical Commissioning Group

Primary care committee – 19th September 2018

Amendments to the delegation agreement

Lead Executive:	Chris Edwards, Chief Officer
Lead Officer:	Jacqui Tuffnell, Head of Commissioning
Lead GP:	Dr Avanthi Gunasekera, SCE
Purpose:	
The purpose of this document is to note changes to the general practice delegation agreement. These changes are being implemented nationally to ensure compliance with the General Data Protection Regulations (GDPR).	
Background:	
In 2015, as part of the delegation of its statutory duties, NHS England required Rotherham CCG to sign a delegation agreement. A revised version of this agreement has been received and has been reviewed by officer support to confirm that the only changes to the agreement relate to compliance with GDPR.	
Analysis of key issues and of risks	
At the time of signing in 2015, legal advice was taken and a number of areas were identified as potential risks and these remain within the current document with the same risk applied.	
Financial Implications:	
N/A	
Human Resource Implications:	
N/A	
Procurement:	
N/A	
Recommendations:	
To note the revised delegation agreement
